Risk Assessment of Drug Use during Pregnancy and Lactation

ENTIS-ISoP-NFIF Training Course
Berlin, June 2-3, 2016
The European Network of Teratology Information Services (ENTIS) and the International Society of Pharmacovigilance (ISOP) in collaboration with the Norwegian PhD School in Pharmacy (NFIF) are holding an educational course on specific areas of drug use during pregnancy or breastfeeding and pharmacovigilance. Target audiences are experts working in these fields either in hospitals or community settings, drug agencies, pharmaceutical industry, or in academia. The program will address basic and specific aspects of teratology, some epidemiologic tools to monitor drug use during pregnancy, and risk communication in this specific setting. The faculty for this course consists of experts in teratology, pharmacovigilance, and communication.

**Risk assessment of drug use during pregnancy and lactation**  
**June 2-3, 2016**  
*Berlin-Brandenburgische Akademie der Wissenschaften, Gendarmenmarkt, Berlin, Germany*

**Thursday, June 2**

8.00 - Registration

8.30 - 9.00
Welcome: Hervé Le Louet (President of ISoP) & Corinna Weber-Schoendorfer (President of ENTIS)

9.00 - 12.20  **Basics**
Moderators: Asher Ornoy & Joerg Hasford

9.00 - 9.45  Lessons from thalidomide - principles of teratology  
*Asher Ornoy, Jerusalem, Israel*

9.45 - 10.30  Abnormalities of prenatal skeletal development  
*Stefan Mundlos, Berlin, Germany*

10.30 - 10.50  **Coffee break**

10.50 - 11.35  Pregnancy drug registries & good pharmacovigilance practice  
*Joerg Hasford, Munich, Germany*

11.35 - 12.20  Pharmacoepidemiology of drugs during pregnancy  
*Stefan Russmann, Zurich, Switzerland*

12.20 - 13.30  Lunch

13.30 - 17.05  **Maternal disease - maternal exposure I**
Moderators: Paul Peters & Herbert Juch

13.30 - 14.15  Hypertension and fetal development  
*Ralf Dechend, Berlin, Germany*

14.15 - 15.15  Rheumatoid arthritis & systemic lupus erythematosus and immunosuppressive drugs  
*Monika Østensen, Trondheim, Norway & Corinna Weber-Schoendorfer, Berlin, Germany*

15.15 - 15.35  **Coffee Break**

15.35 - 16.20  Controversies in care of obesity and diabetes in pregnancy  
*Larry Hinkson, Berlin, Germany*

16.20 - 17.05  Vitamins and Supplements  
*Klaus Vetter, Berlin, Germany*
**Friday, June 3**

**9.00 - 12.05**  
**Maternal disease - maternal exposure II**  
Moderators: Matitiahu Berkovitch & Corinna Weber-Schoendorfer

9.00 - 10.00  
Epilepsy and antiepileptics: valproate & safer alternatives  
*Bettina Schmitz, Berlin, Germany & Christof Schaefer, Berlin, Germany*

10.00 - 11.00  
Depression and antidepressants  
*Anke Rohde, Bonn, Germany & Heli Malm, Helsinki, Finland*

**11.00 - 11.20**  
Coffee Break

11.20 - 12.05  
Thyroid Diseases and Iodine Deficiency  
*Annette Grüters-Kieslich, Berlin, Germany*

**12.05 - 13.15**  
Lunch

**13.15 - 16.45**  
**Special Issues**  
Moderators: Hedvig Nordeng & Ulrich Hagemann

13.15 - 14.15  
Infant’s mental development after intrauterine exposure  
*Asher Ornoy, Jerusalem, Israel & Hedvig Nordeng, Oslo, Norway*

14.15 - 15.15  
Hazardous exposures during breastfeeding  
*Ursula Winterfeld, Lausanne, Switzerland & Laura Rothuizen, Lausanne, Switzerland*

**15.15 - 15.35**  
Coffee Break

15.35 - 16.35  
From risk perception to risk communication  
*Priya Bahri, London, UK & Christof Schaefer, Berlin, Germany*

16.40  
Closing remarks  
*Christof Schaefer, head of Embryotox Berlin*

**18.00 - 20.00**  
Happy Hour & Welcome Reception at the “Wintergarten” of the Academy
