

Joint OTIS-ENTIS Meeting 2024

Friends and colleagues,

The next joint OTIS-ENTIS Meeting will be held in **Nyborg**, Denmark, on September 12-15th 2024.

- Business- and Committee meetings are booked for Thursday, September 12th
- Official welcome reception on the evening of Thursday, September 12th
- Scientific Meeting on Friday through Saturday, September 13th-14th-15th (including lunch on Sunday 15th)
- Conference dinner on Saturday, September 14th

Nyborg <https://www.visitnyborg.com/> is an 800-year-old old very charming minor coastal City right in the center of Denmark, close to my hometown, Odense. There are frequent and reliable train connections to Copenhagen (1 hour); Copenhagen Airport (1 hour 15 min) and Odense (15 min).

Odense is of course the hometown of Hans Christian Andersen and well worth a visit. A new spectacular HCA House opened in 2021:

- HCA House: <https://hcandersenshus.dk/en/experiences/>
- Odense: <https://english.odense.dk/top-menu/about-odense> & <https://www.visitodense.com/>

I have been fortunate to book this fantastic venue/hotel which is situated - quite literally - on one of the best beaches in Denmark: <https://www.sinatur-hotels.com/storebaelt/>

Your friend, colleague, and host,

Per Damkier, professor, MD PhD
